LOCAL DEPARTMENT.

PROCLAMATION.

Another year, with its varied experience and vicissitudes, has nearly gone, the seed time and harvest have passed away, and the products of the earth more abundant and excellent, in many respects, than usual, have been gathered in. Our state has been favored by an over-ruling Providence with exemption from pestilence, or any prevailing disease, and the commercial and financial distress under which our land has so long suffered, seems to be approaching an end. As a state we have been free from civil disturbances, and men have gone about their daily avocations in peace and quietness. As a nation, too, we have been exempted from the scenes of blood which have been the result in other lands of the shock of contending hosts.

It is right that we should, as a people, render the tribute of our thanks to the Author of all good, for the establishment and continuance of our free institutions, for the general health and prosperity of our people, for the blessings of peace, for the privileges of a free education, and freedom to worship God according to the dictates of conscience, and for all the unnumbered blessings, individual and national, so bountifully showered upon us.

THEREFORE, in accordance with the time-honored usage, I do hereby recommend to the people of Wisconsin, that they observe **Thursday, the 24th Day of November next,** as a day of THANKSGIVING, and that, abstaining from their secular avocations on that day, they unite in their several localities in grateful praise to Almighty God for His constant care and abundant mercies.

In testimony whereof, I have hereunto subscribed L. S. my name and caused the Great Seal of the State of Wisconsin to be affixed.

Done at Madison, this 25th day of October, in the year of our Lord one thousand eight hundred and fifty-nine.

By the Governor, ALEX. W. RANDALL.
J. D. RUGGLES, Ass't Sec'y of State.

AN OYSTER SUPPER.—Thursday evening a majority of the board of supervisors accepted an invitation extended to the whole board to partake of an oyster supper at the hotel of Mr. A. Norris. The table was bountifully spread with a variety of viands, prepared in excellent style and served in good taste. Ample justice was done to the repast by the company present, and at the close a vote of thanks was tendered Mr. Norris and his lady for the generous and bountiful manner in which he had entertained his guests.

VISIT TO THE POOR FARM.—The visit of the Supervisors to the County Poor Farm was, we understand, entirely satisfactory.—All the arrangements of the Poor building were found well ordered for the comfort of the inmates, while a due regard was apparent to the interests of the county. The farm evidenced industry and good management. Mr. Holmes is a very competent superintendent, and his important duties are faithfully discharged.

GRAND ENTERTAINMENT TO THE PUBLIC SCHOOLS.—On Saturday, Nov. 19th, at 2 P. M., Prof. Stearns will give an entertainment to the juveniles of this city, at Lappin's Hall, free to all under the age of 12. Those over 12, admission 10 cts. Teachers are invited, free. nov18d2t

TERRIBLE DEATH.—The Beloit Herald says that on Friday the 11th inst., a man by the name of Michael Donahoe, at work in the paper mill at Rockton, accidentally fell into the bleaching vat, which was filled to the depth of five feet with boiling hot lime water. He immediately sprang out and jumped into the cold water vat, from which he was taken out and carried home by other workmen in the mill. The skin and large portions of the flesh came off from his legs, and his body and arms were also terribly scalded. He lived in great agony till Monday, when death put an end to his sufferings.

TARDINESS IN SCHOOL.—From a weekly report of the schools in the Delevan Northron, we learn that in one of them, which has 81 members, there were 75 cases of tardiness in one week. Tardiness is one of the greatest evils which afflict our public schools, and we are sure that if parents properly appreciated its bad effect upon the scholar, as well as the whole school, they would be more particular in this matter. In the schools in our own city this evil is not so great as in some others, but it requires the constant vigilance of the teachers to prevent its growth.

To disappoint abolitionists—Don't hang old Brown.—*Milwaukee News.*

The "abolitionists" could not be furnished with anything better to stir up agitation than the hanging of Brown. It is evident he thinks so himself, and is willing to die for that purpose.

☞ A bed of stone ware clay has been discovered at Portage City, and a pottery is to be erected.

The Menasha Conservator says the freights between that place and Green Bay since harvest, have averaged 300 tons per day.

☞ A correspondent of the La Crosse Republican asks the following questions, which are as pertinent in other places as in that city. The debating societies may, perhaps, be able to solve them:

Is there never to be a stop to this going east after wives? Must the fair denizens of our city continue to wait until the heart is sick?

It has cost Uncle Sam some $80,000 to substitute benches for desks, in the House of Representatives, when a thousand ought to have been more than enough to cover every expense. But this is the way the public money goes under a democratic dynasty.

NUPTIALS OF A MILLIONAIRE AND A BELLE.—The Boston Traveller says:

"We hear that a New York merchant, who has fully reached the middle period of of life, and is worth a mint of dollars, is about to lead to the altar a young lady of this city, who has acquired, in the circle in which she moves, the title of 'the Belle of Boston.' Matters are so far advanced that the marriage license has already been procured. It was at first proposed to have the wedding in church, and preparations were being made for a display such as has seldom been seen in this city, but, in consequence of the comments upon the late 'diamond wedding' in New York, the wedding will probably take place at a private residence, in the presence of only the few who may be so fortunate as to obtain cards of invitation."

DEATH FROM SWALLOWING A PIN.—A little German child about four years old, named Anne Loeser, while playing at home last Sunday evening, found a pin, and, child like, put it in her mouth. In her frolicking she swallowed the pin, which gave her no immediate inconvenience, but in a day or two caused intense pain. The child lingered with great suffering until Thursday night, when her paroxysms of pain were terrible, causing her to scream almost constantly, and writhe in agony as the fatal instrument forced its way through her vitals. She died in great distress on Friday morning. She was the child of poor parents, and was an attendant at the Industrial School.—*Detroit Free Press.*

ALL SORTS OF PARAGRAPHS.

GERRITT SMITH'S INSANITY.—Previous to his confinement in the Lunatic Asylum, it is said that he had been constantly wringing his hands and bemoaning the fate of poor Brown, and accusing himself of having been instrumental in bringing his friends into their present sore troubles.

Mr. Jonas Cutting, of Racine, father-in law of Senator Doolittle, who was injured a few days since by being thrown from his carriage, died on the 18th inst. from the injuries received.

WHAT A STEAM FIRE ENGINE CAN DO.—At a recent fire in Lowell, Mass., which destroyed some six hundred thousand feet of pine boards, the city steam fire engine played for eleven hours, without a moment's cessation, two streams of water, one through nine hundred and fifty feet. The amount of water thrown was estimated at 132,000 gallons. The full capacity of the machine was not reached, as steam could only be raised to forty pounds with the fuel that could be obtained.

The population of Memphis, Tenn., by a census just completed, is 25,000, or double the population of 1854, and four times larger than in 1850. The valuation of real estate in the city is also put down at eighteen millions. During the past season fifteen hundred houses have been put up in the city, at an estimated cost of three millions.

The Detroit Tribune says that the St. Clair flats are now lighted up by the completion of two light houses in the spot most needed, so that vessels can pass over the flats in the night. The two light houses are so near together that one keeper (Michael Jackson) takes care of both.

One of the Springfield wags says the best thing that Gov. Wise can do with John Brown is to first free him, and then offer such pecuniary inducements as shall cause him to settle in the state, that the noble elements of the Brown blood may become incorporated among the F. F. V.'s and the chivalric reputation of the state, now sadly detoriated, be saved from utter extinction.

Old John Brown telegraphed to his wife, who, he was informed, was on her way to see him—"Do not, for God's sake, come here now." She continued on her journey notwithstanding.

The dogs killed in Cleveland, Ohio, are sold to a glove manufactory in Litchfield, Medina county, where the skins are made up into kid and buckskin. Some of the citizens, grateful for this accession to the industrial pursuits of their town, presented a pair of gloves through Mr. Ossian E. Dodge, to the mayor of Cleveland. The oc-*cur*-rence was *dog*-matically improved by various speakers.

Richmond, Ind., seems to be possessed of a band of devils. The Pallidium contains two columns, nearly, of robberies, thefts and other outrages during the past week or two.

The Worthington (Green county, Ind.) Times says the treasurer of that county has not been able to collect one cent of taxes in eight townships.

Among the letters advertised as remaining in the Milwaukee post office, is one with the following address:—"To Pat O'Brien of Serra-Carda Mill Vocky—West Conson State of Ellon Ise America."

A FISH STORY.—An immense rock bass, weighing 360 pounds, was caught in San Francisco, on the 15th of October. Some fishermen saw him swimming near their boat, and they shot him in the gills, disabling him so that they managed to get a rope through his mouth, and thus towed him into a shallow place, where they killed him. His meat was sold for 37½ cents per pound, and his skin sold for $55, which is to be stuffed as a curiosity.

The Philadelphia Press says Buchanan expects the Charleston nomination, and then expects the united vote of the south, together with the vote of Oregon, California and New Jersey, leaving it to Pennsylvania to decide the contest.

It has been suggested in New York, that a service of plate be presented by the republican women of the north, to Miss Foulke, of Harper's Ferry, who interposed her life between that of Thompson, one of Brown's men, and the frantic mob which pursused him into the hotel.

The Detroit Tribune says: "The Michigan Central road has been running now, thirteen years under its present management, and in that time not a single passenger car has been broken up by any accident on the track."

Francis Jackson Merriam of Boston, who was reported to have been with Brown in the Harper's Ferry insurrection, and subsequently to have died of his wounds in Ohio, is at present in Canada.

CLAIRVOYANCE!

DR. LATHROP, OF NEW YORK,

WOULD respectfully inform the inhabitants of Janesville and vicinity, that he has opened an office at his residence, for the purpose of treating diseases on the Clairvoyant principle. Through precision, I am enabled to cure many diseases that are beyond the reach of medicines. I have had 12 years' experience in this manner of treating diseases attended with great success in New York and Syracuse. I had a number of years medical practice before I became clairvoyant. Invalids suffering from old chronic difficulties, will do well to give me a call. Acute diseases treated with new remedies discovered while in the superior state; these are especially applicable in fevers and sudden billious attacks, which readily yield to the harmonizing influence of these medicines.

JAS. A. DENNISTON. oc17dtf ARTHUR ELLIS

To the Citizens of Wisconsin.

While reflecting upon the recent terrible railroad disaster on the Chicago & North-Western Railway, that has unexpectedly thrown so many families into sorrow and mourning, the undersigned would avail himself of the opportunity of more fully impressing upon the attention of the public the consideration of the all important subject of

LIFE INSURANCE.

This mournful calamity has already resulted in the sudden and untimely death of some twelve of our citizens, and most of them leaving companions and orphan children without their natural protectors, and some of them without the means of competent support. Three of those twelve, perhaps more, had wisely set apart from their earnings, and invested a small annual pittance in a Life Insurance Policy for their families, which in their present hour of sorrow and darkness, will secure for them the present means of a home and competence until the brighter skies of the future shall dawn upon them! How easily, and how exceedingly wise it would have been had all of them left such a boon to those bereaved and afflicted survivors. It would not now indeed have restored the loss, but it might have mitigated and softened their affliction by abstracting from it the pangs of want and destitution. I allude to these sad scenes to illustrate the importance of timely Life Insurance. A mere pittance invested annually, while in life and health, and which can be done without great inconvenience by almost any man, will, upon his death, leave to some dear friend, say brother, sister, mother, or a companion, a present competence, and a most grateful heart.

Have you, reader, a family of dear ones who may at any time be thrown lonely and destitute upon the charities of a cold world? And will you not make this slight sacrifice for their protection from destitution when you are gone? Are you without a family, have you not a sister, brother, mother, on whom you would delight to confer such a boon of earthly comfort, to be enjoyed by them in such an hour of sadness, and perchance, adversity? Then make this small sacrifice from your ordinary yearly earnings or luxuries.

The Mutual Life Insurance Company of the State of Wisconsin, the principal office of which is in Milwaukee, and whose officers and managers in their respective localities and positions in business and society are believed to be known by and command the respect and confidence of nearly all the citizens of the state, is hereby commended to your favorble consideration.

GEORGE S. DODGE, ESQ.,

of Janesville, will receive applications for insurance, and explain the principles and advantages of Mutual Life Insurance, and show the condition and claims of this institution of our own state upon our citizens.

Applications for Life Insurance may at any time be made to any of the Company's Local Agents. Please call and investigate the claims of this company.

PRINTS AND CALICOES!

at 5c, 6c, 7c, 8c, 9c, and 10c. The Hard Times have passed and good times have come again. People want goods, and will and must have them, and they want them cheap, and Morse & Brother *will sell them cheap,* and *give bargains that defy competition.* Plaid Merinoes at 2s, 3s and 4s. Fine plain French Merinoes, twilled on both sides 1¼ yd wide for 62½c. Rich bargains given in Shawl department, and in our Embroidery, Glove and Hosiery department. In our Cloth department you will ever find a splendid assortment of Cloths, Cassimeres, Vestings, Sattinetts, Kentucky Jeans, Farmer's and Mechanic's Cassimere Tweeds, &c. Good Satinetts at 2s, 2s 6d, 3s and 4s. The Linen department is well supplied with a heavy stock of house keeping Linens, Damasks, &c., for private families and hotels at low and uniform prices. Most of our Linens are imported direct from Belfast, Ireland. Richardson's fine fronting Linens at 3s and 4s per yard.

We have received 75 cases and 100 bales of Domestic Goods, such as Flannels, Linseys, Shirtings, Drillings, Denims, Sheetings, Stripes, Tickings, Bags, Yarn, Batts, Carpet Yarn, Carpet Warp, &c., &c., which were purchased for CASH at the eastern manufactory, and bought cheap, and we will sell all from 1c to 5c pr yd. and lb. less than can be bought in this market. Denims 9c, 10c, 12½c. Blue Check Shirting, 9c and 10c.

In fact, we are able and bound to say that no other establishment in the west presents such great inducements to the purchaser.

Ladies' Gaiters only 45 cents. Gent's Heavy Kip Boots, 18s and 20s.

We wish it distinctly understood that we possess advantages in purchasing goods over other houses, for we have a buyer who remains constantly in the east taking advantage of the market and sending us goods direct from the importers and manufactories, and the unparalleled increase of our sales for the last two years, warrant our saying that we will not be undersold, and that every one that buys of us will get their money's worth and a little more, and we will give entire satisfaction to every man, woman and child that purchases at our establishment.
